

Typewriters: Diagram Showing How To Use A Chinese Typewriter

How do you type without a keyboard? 没有键盘, 你如何打字?

Whether for English, Russian, Hebrew, or Arabic, typewriters around the world featured keyboards. Not so for Chinese typewriters, which featured a grid of movable type Chinese characters called a “tray bed.”

不管是英语, 俄语, 希伯来语, 还是阿拉伯语, 世界上的任何打字机都有键盘。然而中文打字机并不是这样的。中文打字机使用一种可移动的汉字铅字网格, 被称为《字盘》。
